Look out for the dog catcher.

Ask for premiums of silverware at the New York Store.

Miss May Neahr is at Picacho visiting her cousin, Mrs. L. B. Preciado.
All kinds of table silverware as premiums at the New York Store.

Ira Stanton, one of the prison guards, is building a neat cottage on Orange avenue.

You get full value for your money—and premiums of silverware as a cash discount—at the New York Store.

R. A. McPherson was in town Tuesday from his ranch at Laguna.

Don't fail to ask for coupons when making purchases at the New York Store.

Mrs. W. D. Robinson of Kopperl, Texas, accompanied by her grandson, arrived here Saturday on a visit to her daughter, Mrs. R. S. Patterson.

Our motto is: The best goods for the least money. Besides we give you premiums of silverware as a cash discount. The New York Store.

Frank Kelson, of the firm of Dunn & Co., Fortuna, has been in town for the past week shaking hands with his many friends.

In giving premiums we save on keeping books and general losses.

The New York Store.

John Gandolfo has returned from a short visit with his family in Los Angeles.

WANTED—Position as cook, either in hotel or private family. W. Whitney, Gandolfo Hotel.

The famous Kentucky whisky, Rich and Rye at The Ruby. Sole agents.

The city council has fixed the salary of Marshal Anderson at sixty dollars per month.

The finest line of cigars in the city at Ketcherside's drug store.

The public schools will close this week, after a very successful term of eight months.

The largest assortment of French candy in town at the Acme.

Jack O'Brien, traveling engineer on this division, was in Yuma today on a tour of inspection of locomotives.

A new line of elegant toilet articles and perfumes at Ketcherside's drug store.

Miss Grace Neahr is in charge of the Acme ice cream parlor in the absence of the proprietor, Ira Webster, who is visiting his mother in Napa valley, Cal.

If there is anything in the bakery line that can be made from flour or sugar, you'll find it at the Yuma Bakery postoffice corner.

W. S. Clayton of Tulsa, Texas, and J. P. Crawford of Canyon, Texas, called on the Sentinel last Saturday. They are looking over the valley with the view of buying farms.

Wanted—Young Laundry work; we ask you to give us a trial. We have the facilities and experience that will do the best work—work that will be satisfactory to you in every way.—Alpha Laundry Co. Phone 212.

Mr. G. W. Heald, formerly with the Sentinel, made this office a social call Saturday. Mr. Heald has become a rancher—has a ranch property in Yuma valley. The Sentinel wishes him every success.

The Yuma Bakery's Milk Bread is conceded to be very fine. Try a loaf. Remember the place, postoffice corner, opposite Sanguinetti's. Some storekeepers may palm off Chinese bread on you, but insist on having Milk Bread baked by the Yuma Bakery.

Mr. and Mrs. Henry Wupperman announce the marriage of their daughter, Elizabeth Alma, to Mr. A. P. McCarton of the U. S. geological survey, to take place in Yuma, Sunday, May 15th. Mr. McCarton is now stationed at Santa Ana, Cal.

County Recorder Cronin has been doing some good work in systematizing the county records this week, and the office is now in better shape for handling the business belonging thereto than it has ever been.

Farm lands, town property, residences and all kinds of real estate bought, sold and rented by the Yuma Title Abstract Company, Bank of Yuma Building, Second street.

Col. Richard Darling, superintendent and manager of the Valencuela Mining Company, is in Yuma from the Quartzite district this week. He reports everything in a flourishing condition in that section.

Hotel Gandolfo is admitted to be one of the best houses of the coast. American or European plan. Fine meals are served in the cafe, where you order what you want and pay for what you get.

The Home of England's Wealth.

The Bank of England generally contains sufficient gold in sixteen pound bars to make 20,000,000 sovereigns. The building covers three acres of valuable land and in it are employed about 1000 people. Over £25,000,000 in notes have passed over its counters. The wealth of the average person depends largely upon his health, and if you have not this sure foundation, then you are very poor, indeed. Sickly people, used not to be discouraged, however, because Hostetter's Stomach Bitters will make them well and keep them well. That is what it is for, and for 50 years has never failed in its mission. Try it for Sour Stomach, Indigestion, dyspepsia, nausea, belching, constipation or malaria, fever and ague. It will positively cure you. Avoid substitutes.

Van Arman Dies in Oakland.

A dispatch from Oakland dated April 25 tells of the death of Hiram Van Arman, who was secretary of Arizona during the administration of Governor Tittle. He was afterwards in the service of the Southern Pacific Company for a number of years as immigration agent, and has been prominent in California affairs for a long period. We knew Col. Van Arman in Nebraska more than thirty years ago. He was a very bright man. His death resulted from paralysis. He leaves a widow, but no children.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY, & Co., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.
Hall's Family Pills are the best.

Railroad Nonsense.

The Boston Journal is given as authority for this caption:

"Matters in connection with the proposed new transcontinental line from El Paso through to San Diego, Cal., are now rapidly shaping up. The Phelps-Dodge people are now positively known to be backing this enterprise and it is their money that will pay for the construction of the 225 miles of railroad to be built during the coming spring and summer between Yuma, Arizona, and San Diego, Cal. This road has been in contemplation for several years past and will mean very much, not only for San Diego as a terminal point, but also for the mining districts of Southern Arizona."

"The El Paso and Southwestern road, which is also owned by the Phelps-Dodge people, is, it is further known, to be immediately extended west from Bisbee, Arizona, to connect with the new San Diego-Eastern line at Yuma. This new railroad construction will bring about radical changes in the whole railroad situation in the southwest, and will open the way to some very sharp competition with the Southern Pacific people. Southwestern interests, both financial and mining, are very enthusiastic over the proposed new line, and a profitable business for the road is assured from the very start. It is now anticipated that the line will be ready for operation some time during the coming fall."

It is possible that the Phelps-Dodge people are behind this venture, but it is not possible that it will be completed by next fall. If construction is begun then and completed in a year that will be good progress.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for Croup, Whooping Cough, Grip, Pneumonia, and Consumption. Try it. It's guaranteed by all Druggists. Trial bottles free. Reg. size 50c, \$1.00.

Mr. E. F. Howe has sold the Imperial Press to Charles A. Gardner, former publisher of the Pasadena Daily Star. Under Mr. Howe's management the Press, as a weekly, has had no superior in the southwest, a remarkable fact when it is considered that less than four years ago the spot where it is published was one of solitude—a primeval desert. The Press has been a power in bringing about the change. Mr. Howe, after a short visit east, will again engage in newspaper work in Southern California. The Sentinel wishes him success wherever he may cast anchor.

Margold Rye at The Ruby.

Ex-Congressman Bowers.

Impressions of Imperial.

The San Diego Sun of April 20 contains an article from the pen of ex-Congressman Bowers of the San Diego district, giving his impressions of the wonderful Imperial country, formed from observations taken while on a business trip through that booming section. He speaks of the country as a revelation and says the half has not been told of its wonderful growth and future possibilities. Mr. Bowers refers to the town of Imperial as "the new city of the plains," having "wide, regularly laid out streets and substantial buildings." He only remained there a short time, but long enough to observe the manner in which they are trying to solve the dust problem—irrigating—or rather, soaking—the streets with water. Of his trip to Calexico, Mr. Bowers said:

"My ride from Imperial to Calexico, sixteen miles, was a revelation. I had traveled over a large part of every county in Southern California, as well as many of the counties of San Joaquin valley, and I thought I had seen large irrigating systems. But the magnitude of the irrigating system of this plain, that for countless centuries had lain a scorching desert, dwarfed all that I had ever seen. It is impossible to fix a limit to its development."

On the subject of railroads Mr. Bowers ventures the opinion that the Southern Pacific will be built from Calexico to Yuma within a year, and the section from Yuma to Old Beach abandoned. "The first railroad that will come to San Diego—if ever another road comes here—will be the Southern Pacific, built from Calexico," says Mr. Bowers. The Sentinel predicted the same over a year ago.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for gastric stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c, at all Druggists.

The Prison Break.

The affair at the territorial prison last Friday was probably the most daring and desperate break for liberty ever attempted there. The men engaged in it were thoroughly footloose, however, and the only wonder is that several of them were not killed by guards, who fired into their very midst. Assistant Superintendent Wilder was able to be down town today and will soon be entirely well. He received quite a deep knife thrust below the heart, and was shot in the thigh by one of the guards. The latter was only a flesh wound and has already healed. Convict Buck, who fought so desperately in defense of the prison officials, was stabbed just below the heart, the knife half severing a rib and penetrating the lung. He also received a deep cut in the arm near the shoulder. His wounds have almost entirely healed, and the remarkable part of it is that not a particle of pus formed in either cut. Dr. Ketcherside, the prison physician, says that all of the men who were wounded are almost entirely well.

The action of Superintendent Griffith in ordering the guards to shoot regardless of danger to officials, and the decisive result of last Friday's revolt, will doubtless have a deterrent effect, and another break is not likely to occur soon.

Quick Arrest.

J. A. Gullefuge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c, at all Druggists.

The art of building and improvements of various kinds is quite marked in Yuma of late. Several good residences are going up or just completed, in the west and southwest part of town, and plans for others are being considered. On Orange avenue the improvement boom is decidedly vigorous. On this handsome thoroughfare the Marvin residence and the double flat of Fred Martin are about finished; an adobe residence is being built for Mrs. Connor, and a block west of the avenue Mr. Figueroa is building an adobe cottage.

"Do It Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day, and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continual use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles 25c; regular size 50c at De Vane & Robinson's drug store.

A. B. C. Beer is king of all beers.

CONSULTING ENGINEERS.

Plans for Government Irrigation Along the Colorado.

The Los Angeles Herald thus tells of the work of irrigating lands on the Colorado river.

If present plans do not miscarry, it is certain that actual construction of the irrigation works for the lands in the neighborhood of Yuma will be commenced next fall and that a sum between \$2,500,000 and \$3,500,000 will by that time be available for the work.

J. B. Lippincott, supervising engineer of the United States geological survey's reclamation service, returned yesterday from an inspection trip in Lower California, during which the problem of irrigation of the Colorado river lands was under consideration.

Mr. Lippincott for the past three weeks has been in consultation with the board of consulting engineers sent from Washington by the secretary of the interior to pass upon the plans and estimates which have been prepared by the engineers who have been working under his supervision. E. T. Perkins, also of Los Angeles, has for the past year been in charge of the work of the engineers in the field.

The board of consulting engineers consisted of A. P. Davis, assistant chief engineer of the United States reclamation service and formerly one of the engineers of the isthmian commission; George Y. Wisner, an engineer of national reputation, from Detroit; H. N. Savage of National City, John Quinton and A. H. Sanders of Los Angeles and G. B. Hall of Georgia.

Thomas H. Means of the agricultural department, a noted soil expert who has recently returned from a tour of inspection of the irrigation works in Egypt, acted with the board as adviser.

While at Yuma the party drove over the entire area under discussion, visited the Laguna dam site and followed the line of the canal surveys. They also held various consultations with farmers and Mr. Means made an address at Yuma, in which he emphasized the great fertility of the soil and its wonderful possibilities, declaring that it compared more favorably with that of the far famed valley of the Nile. The land inspected, which will eventually be benefited by the irrigation work, consists of one hundred thousand acres. A small portion of this is already in an experimental state of cultivation. The lands extend from twelve miles above Yuma to the Mexican line. About one-fifth of these lands is at present included in the Yuma Indian reservation, a large proportion of which will be thrown open for homesteads, an ample reservation being still retained for the Indians.

The board of engineers expressed themselves as thoroughly pleased with the plans and estimates of the work, and the comprehensive manner of investigation and its intelligent representation to the board. There is every probability that the board will promptly make a favorable report to the secretary of the interior and that the report will recommend an immediate allotment from the fund of \$30,000,000 already available in the United States treasury, for the development of irrigation of arid lands.

The belief is confidently expressed that actual construction will begin early next fall.

The proposed regulation of the river is calculated to aid the settlement and development of the lands around Imperial by insuring a sufficiency and regularity of water supply to all settlers.

The importance of the work and the prospect that such a large sum of money will be available within a few months will be generally understood as of enormous advantage to the general development of Southern California.

Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner, of Dempseytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at all Druggists.

All kinds of Humors Psoriasis
Blood Poisoning Rheumatism
Catarrh Dyspepsia, Etc.
Accept no substitutes, but be sure to get Hood's, and get it today.

Mr. James Pennie, who went to Los Angeles some weeks ago for the purpose of a medical examination, returned Monday night, registering at the Gandolfo. The cause of his return was to make final proof on his homestead in Yuma valley. Mr. Pennie's case is in a measure a puzzle to the surgeons at the Deaconess hospital, where he has been staying, and some alarm has been felt over his condition. One of Mr. Pennie's feet was the source of his trouble and after an examination the surgeons decided to amputate one of the toes. Following this operation improvement has not been satisfactory, and the doctors now say that the foot will have to come off. We are sorry to learn of Mr. Pennie's misfortune, which he thinks is the result of exposure and hardships, and improper food eaten, while serving in the Cuban army, the young man having been a lieutenant under the command of General Gomez in the Cuban revolution. Mr. Pennie was accompanied to Yuma by Miss Newman, his nurse at the Deaconess hospital, and is in her care and charge while here. They will return to Los Angeles Thursday.

The members of the Spanish-American society in Yuma are setting their pins for a grand time on Sunday, May 8, for which occasion the steamer Scorchlight has been chartered for an excursion down the river and a basket picnic. The trip will extend to the Imperial headgate and return, fare for the round trip being \$1.00 for adults and 50 cents for children under 12. The weather and other conditions are so nearly perfect that the excursion promises to be one of the most delightful that could be imagined. Tickets are on sale at the drug stores. There will be a soda fountain aboard the boat and all kinds of soft drinks and refreshments will be served at regular prices.

Mr. H. E. Empey, who recently came to Yuma and laid the groundwork for extensive investments, died at Pasadena, April 23rd, of consumption. The news of his death was telegraphed by his wife to Dr. Ketcherside, Mr. Empey's physician during his stay here. Before leaving for California Mr. Empey awarded the contract to J. W. Johnson for the erection of a two-story frame of 16 rooms on First avenue, to be occupied as a rooming house. Work was commenced on the building this week.

Zapeda, who killed McDonald at Agua Caliente some months ago, was convicted of manslaughter at Phoenix on Tuesday. Zapeda was nearly "the whole thing at Callejito, being a school trustee, road overseer, deputy sheriff, hotel keeper and stage driver. The man he killed was a saloon keeper. The trouble which led to the killing was the attention paid by McDonald to Zapeda's wife.

Mr. A. H. Smith died at the home of his parents, Captain and Mrs. U. S. Smith in West Yuma, last Friday morning, aged 29 years. The funeral took place Saturday afternoon from the family residence, the services being conducted by Rev. J. A. Crouch. The many friends of Mr. and Mrs. Smith have the sympathy of a large circle of friends in their sad affliction.

The democratic county central committee met last Saturday at the court house and the following were elected as delegates to the territorial convention at Tucson May 20th: M. J. Nugent, Col. John Shansey, O. P. Bondesson, W. E. Timmons, J. M. Thacker, Frank Turner, S. B. Hinds, M. Winsor, and J. F. Notbush. The delegates were instructed for Hearst.

Notice of Posting of Settlement of Account

IN THE PROBATE COURT

of the County of Yuma, Territory of Arizona.

In the matter of the estate of Abbie Denier, deceased.

Notice is hereby given that James N. Denier, the administrator of the estate of Abbie Denier, deceased, has rendered and presented, and filed in said court, his final account of his administration of said estate; and that Saturday, the 14th day of May, 1904, at 10 o'clock a. m., at the court room of said court, at the court house in the town of Yuma in said Yuma county, has been duly appointed by the said court, for the settlement of said account, at which time and place any person interested in said estate may appear and file his exceptions in writing to the said account and contest the same.

Dated May 2, 1904.
[Seal] D. L. De Vane,
Clerk.

Order to Show Cause Why Decree of Distribution Should Not be Made.

IN THE PROBATE COURT
Of the County of Yuma, Territory of Arizona.

In the matter of the estate of Abbie Denier, deceased.

On reading and filing the petition of James N. Denier, the administrator of the estate of Abbie Denier, deceased, and praying among other things for an order of distribution of the residue of said estate among the persons thereto entitled:

It is ordered that all persons interested in the estate of the said Abbie Denier, deceased, be and appear before the Probate court of the said county of Yuma, at the court room of said court in the town of Yuma, in said Yuma county, on Saturday, the 14th day of May, 1904, at 10 o'clock a. m., then and there to show cause why an order of distribution should not be made of the residue of said estate among the heirs of the deceased, according to law.

It is further ordered that a copy of this order be published for two successive weeks, before the said 14th day of May, 1904, in the Arizona Sentinel, a newspaper printed and published in the said Yuma county.

D. L. De Vane,
Probate Judge.

Dated May 4, 1904.
